fisher for a few days on pleasure and  
business. He says Kingfisher is grow-  
ing.  
The street parade of the new engine  
of Noble & Case, on Saturday last, was  
interesting. It is a beautiful piece of  
machinery.  
Don't forget the county alliance meet-  
ing on Saturday, July 9th. A full at-  
tendance is desired as the yearly officers  
are to be elected.  
Is your hair falling out or turning  
gray? Try Beggs' Hair Renewer. It  
acts like magic. Sold and war-  
ranted by J. R. Young and J. D. Karr. 3

orders on school district number 44.  
The owner can have it by calling at this  
office and identifying the property.  
Mr. John Rynan departed Saturday  
for Warrensburg, Missouri. He will  
return with Mrs. Rynan to Lawrence,  
Kansas, where they will spend a week  
before returning home.  
Died—at Lake City, on Tuesday, the  
28th of June, 1892, Mrs. Riley Lake.  
The cause of her death was consump-  
tion. Funeral services were held on  
Thursday, the 30th.  
The picnic at Mingo was much en-  
joyed by all present. As other speak-  
ers failed them, short and entertaining  
talks were given by John Jesse, J. H.  
Lapin, Dr. Bond and others.  
Druggists say it is a pleasure to sell  
Beggs' Family Medicines, as every bot-  
tle is warranted for all that the label  
calls for, so our customers are perfect-  
ly safe in buying them. Sold and war-  
ranted by J. R. Young and J. D. Karr.  
Mr. W. P. Jack, h. from Little Moun-  
tain, had his arm badly broken Satur-  
day by being thrown from a spring  
wagon while driving from town. The  
fracture was just above the wrist. It  
was a square fracture and both bones  
broken. Dr. Karr in attendance.  
Mr. Schofield, of Hutchinson, has  
been in town during the past week, es-  
tablishing a new insurance order. He  
thinks Mr. Cronch, the democratic ed-  
itor of Hutchinson will be nominated  
for congress, and considers that he is a  
nice man, capable of drawing votes  
from both side in Reno county.  
The Fourth of July picnic at Deer-  
head was an unusually pleasant and  
social affair. Though the crowd was  
small all seemed to enjoy themselves.  
It was given by the Willing Workers.  
The receipts from the stands were to be  
applied toward purchasing an organ.  
Sixty dollars gross were raised.  
Dark, yellow, greasy skin is a symp-  
tom of disordered kidneys and liver,  
and unless treated promptly may result  
in dangerous disease. One bottle of  
Beggs' Blood Purifier will entirely re-  
move the cause and leave the skin clear  
and transparent. Sold and warranted  
by J. R. Young and J. D. Karr. 3  
To those who volunteer the information  
that I am only a ladies doctor and my  
specialties are diseases of women;  
and that I don't practice surgery. My  
answer is that I am qualified to prac-  
tise any branch of medicine. I know  
how and have the instruments to do  
any surgical work. Dr. Kociell. 11f  
In our issue of week before last, in  
giving Mr. Graves' receipt for preven-  
tion of smut, we reversed the figures.  
It should have been 25 pounds, of blue  
vitriol at 7 cents per pound, to every 100  
bushels of seed. Mr. Graves has finish-  
ed cutting his wheat, and says he is  
more confident than ever that soaking  
the seed in vitriol water is an effective  
preventative of smut.  
The Equal Suffrage Association held  
their regular meeting Saturday after-  
noon, July 2nd. The time being fully  
occupied with business matters. The  
programme was postponed until the  
next regular meeting. By order of the  
president there will be a "call meeting"  
next Saturday afternoon, at the usual  
place. All members of the association  
are earnestly requested to be present at  
this meeting, as business of importance  
is to be discussed.  
One of the nicest looking crops of  
wheat in Barber county was that of Mr.  
F. Aubley, living five miles west of  
town. The tops of the wheat before it  
was cut were level as a floor. It will  
give about thirty bushels, or possibly  
more, to the acre. Mr. Aubley is from  
western Pennsylvania, and says we  
need more eastern methods of farming.  
Farm less ground and farm it better.  
The profit in the crop depends largely  
on the preparation of the soil. Mr.  
Aubley has been a resident of Barber  
county five years. The first two years  
he lost nearly everything by drought,  
but had means enough to avoid running  
in debt. He now has one hundred acres  
under cultivation, with a nice orchard  
of five hundred trees, and all well im-  
proved.

# ABSTRACTS.

If you want a correct  
copy of any abstract, or complete abstract  
of all the abstracts in Barber county,  
call on A. M. HUGHES. He has the only re-  
liable and complete set of Abstract Books in  
Barber county.

## Soda, at Day & Record's. 41f

Our marshal was on deck.  
Wm. Murphy and Jno. Wilts left  
Friday for Omaha.  
Ladies, go and see the fine parols at  
Woodward's. 52  
Uncle Jno. Potes was up from Kiowa  
Saturday last.  
Burnett keeps the largest, finest and  
best stock of shoes to be found in this  
city. 301f  
Mr. C. C. Hudson, of the Kiowa Re-  
view, was in town Saturday shaking  
hands with his friends.  
Among the attractions of the 4th was  
the martial band of Attica, assisted by  
some of our home talent.  
Our friend, W. H. Old showed more  
patriotism measured by flag decoration  
and fire-works than anyone.  
The INDEX is prepared to do all kinds  
of job-work neatly and quickly, at rea-  
sonable prices. Give us a call. 31f  
The picnic at Kiowa drew a very  
large crowd. Judge Cade and Harry  
Landis delivered addresses.  
Come and see Woodward's new linen  
shirts; fine cloth, fine made, best in the  
county, and only 50 cents!! 5-f  
Episcopal service next Sunday at 11  
and 8 p. m., in Gobeille building, north  
Main street. Sunday school at 3:30.  
Three or four cases of irritation and  
bad temper caused by the marshal  
mashing 3 or 4 cases of beer with his  
club.  
Hawkeye Condition Powders are the  
best for stock of all kinds. Sold and  
warranted by J. R. Young and J. D. Karr.  
Ed Pfost, of Deerhead, established  
a good trade Monday by fair dealing.  
His motto is "quick sales and small  
profits."  
Married—on Tuesday, the 28th of  
June, by the probate judge, in this city,  
John Vannaman and Lottie Downtain,  
both of Kiowa.  
For Sale—150,000 brick at Sun City.  
For further information inquire of M.  
H. Clements, Sun City, or T. L. Lind-  
ley, Medicine Lodge, Kansas. 7-19  
Mr. Bid Cochran, brother-in-law of  
Milt Clements, of Sun City, will return  
shortly to his home in Oklahoma, where  
he will take charge of cattle for Capt.  
Evans.  
Professor A. L. Russell, cornet play-  
er of Harper and teacher of music in  
that department of the Harper Normal  
and Business College, assisted our  
boys Monday.  
A letter from southern Michigan says  
they are having so much wet weather,  
that fruit is rotting, hay is spoiling and  
the farmers fear they cannot har-  
vest their wheat.  
The martial music made our other-  
wise peaceable citizen, Wm. Collins,  
declare war on another of our peace-  
able citizens, John Harding, whom Mr.  
Collins proceeded to chase.  
Uncle Dan Pierce caught a tartar  
when he got the Kiowa boy. The boy's  
decorative propensities were the prin-  
cipal drawback. Uncle Dan caught the  
boy easy enough, but needs some one to  
help him "let go."  
English Spavin Liniment removes all  
hard, soft or calloused lumps and blem-  
ishes from horses, blood spavins, curbs,  
splints, ring bones, swellings, stifles,  
sprains, sore and swollen throat,  
coughs, etc. Save \$50 by use of one  
bottle. Warranted the most wonder-  
ful blemish cure ever known. Sold by  
J. D. Karr. 7  
At Kiowa, in Sedgewick county, Har-  
per county, and others throughout the  
district, there is a concerted account of  
imaginary letters of Jerry's refusing to  
accept pensions. These letters are never  
produced, and some parties who were  
alleged to have the letters have repudi-  
ated the lie. Come again with your  
plots and counter-plots.  
Prof. Cowgill was in town a few days  
last week on business. He is editor of  
the Kansas Farmer and has made T. A.  
McClary agent for the paper in our  
county. The Kansas Farmer is non-  
partisan, but stands opposed to every  
monopoly scheme calculated to oppress  
the farmer. Prof. Cowgill expresses  
himself highly pleased with our crop  
prospects.  
Cresset: "Col. Garrison was in town  
Saturday telling why he left the repub-  
lican party. He said it was because  
the party took no interest in the prohi-  
bition of the liquor traffic." When a  
party organ gets so low, and the party  
so weak, that the oldest—the boy's must  
be rounded up by telling such lies as  
the above. Good citizens should con-  
sider well where they stand.  
Mort Strong and Frank Strong on the  
11th, inspired by a war-like spirit,  
brought on no doubt by listening to  
the martial band, assaulted Grant  
Jones because Grant in obedience to  
the orders of the city marshal, refused  
to sell them some of that other spirit.  
Although Mort took the start of Grant,  
Grant proceeded to "do him up" in fine  
style, while Wm. Jones entertained  
Frank Strong. Don't Grant Jones de-  
serve a chromo?  
Dr. Osborn, of Eagle, was in town  
Friday to say good bye before starting  
for his home in Saline county. Dr.  
Osborn came to our county a year ago  
to visit his brother and brother-in-law.  
Mr. Patten, with no intention of stay-  
ing, but as he saw a piece of land that  
suggested him, he purchased, and im-  
mediately broke out over a hundred acres,  
which he put in wheat. He expects to  
get 2,000 or 2,500 bushels from his farm.  
Dr. Osborn is an old Kansan, having  
built the second house in Salina. He is  
highly pleased with Barber county and  
intends to return soon.  
If you want to see something fine call  
in and see a sample of wheat left in our  
office by Chas. Gronemeyer. It was rais-  
ed in the Medicine river valley, nine  
miles south of here. The heads are  
long and the grain large. Many of the  
meshes have four grains each. We  
picked out the poorest head and shelled  
it. It contained 53 grains. The others  
run from 60 to 70. The stalk on which  
it grew was 5 feet in height. Some of  
our friends have questioned this until  
they saw the sample, but all who doubt  
may see for themselves. It is a new va-  
riety of soft wheat. Mr. Gronemeyer  
sent to Indianapolis for the seed. From  
one-half bushel he has gathered 25  
bushels, 50 to the acre. We have the soil  
and the climate for wheat; with good  
varieties and careful cultivation Kansas  
ought to lead the world.

# No bad cases of drunk.

Woodward keeps the best machine  
oil. 41

John Wallace is now in the city to  
spend the summer.  
Mrs. J. O. Hahn left Saturday to vis-  
it her sister in Iowa.  
A fine tea, the Japan Nibe, at Wood-  
ward's; only 25 cents. 6-1f  
Go to Woodward's for your machine  
oil. He keeps the best. 411  
A new book-case is being placed in  
the district clerk's office.  
Miss Hattie Renfrew spent the 4th  
at Deerhead with home-folks.  
Miss Lillie Hickman closed her  
school at Aetna, on Friday last.  
Remember to call on Woodward, the  
grocer, if you want gasoline. 1f  
Miss Cannon, of Topeka, spent the  
Fourth in this city visiting her parents.  
Call at Day & Record's and try a  
glass of Soda. All the popular fla-  
vors. 41f  
Buy your wife a New Home Sewing  
Machine. John Higgins keeps them for  
sale. 431f  
Harmon Palmer, of Harper, is spend-  
ing several days in the town selling  
silverware.  
If you would like to know how to pay  
your mortgages in installments, see J.  
V. Fishburn. 31f  
Billie Phillips and Cash Davis were  
among the Wellington crowd who spent  
the Fourth here.  
Mr. P. W. Hughes, of Coldwater,  
Michigan, will spend several months  
with E. M. Woodward.  
Mr. Frank Oldfather, Saratoga, was  
down to spend the Fourth with his  
friend, H. T. Woodward.  
The ladies of the Baptist church have  
discontinued their Saturday afternoon  
ice cream entertainments.  
Clark Rackley and E. B. Kern, of  
Sawyer, came down Sunday morning  
and remained over for the Fourth.  
Miss Kate Huff, of Oklahoma City,  
is visiting her sister, Mrs. E. M. Wood-  
ward, of this city, and will remain sev-  
eral weeks.  
Mr. and Mrs. Joseph Porter have  
been spending the Fourth in Medicine  
Lodge, as the guests of Mr. and Mrs.  
Chas. Henton.  
Rumor says that Sheriff Dobson,  
Gano and Undergraff are now out look-  
ing for a horse-thief, murderer or some  
other kind of a bad man.  
We are glad to see Miss Dorothy  
Kimball meet with such perfect results  
in having her eyes straightened, by Dr.  
Pifer, the Wellington specialist.  
Mrs. M. L. Beals and daughter with  
Miss Kate Lenhart, of Kiowa, have  
been spending several days with Mrs.  
W. H. Hull, daughter of Mrs. Beals.  
W. R. Molloy, of Hardtner, was in  
town yesterday and today telling how  
the old parties had spun their yarn and  
Weaver was going to weave it for them.  
The Sunday schools have begun a  
series of lessons in the New Testament,  
more interesting than those just finish-  
ed. Now is a good time for parents to  
start their children.  
Mr. Dobbs has closed up his store on  
Main street and removed his entire busi-  
ness to Kansas avenue. Mr. Ben  
Woodard has rented the room and will  
use it to store buggies.  
Mr. Ed. Woods, step-son of Uncle  
George McAdoo, had a sudden set-back  
a few days ago, from the effect of some  
medicine he had taken without pre-  
scription, and has since been very low.  
The Free Methodists will hold their  
quarterly meeting in the G. A. R. hall  
July 15th and 17th. First service be-  
ginning at 8 o'clock p. m. Rev. Trever  
district chairman will be with us. J. S.  
Osg, pastor.  
The celebration at Lockard's was  
largely attended. The dinner, roast  
beef, speeches, songs and dance were  
all just what ever everybody knows  
they will get when they go to Lockard's  
—something worth going to.  
Persons in town who have houses or  
rooms which they will rent to teachers  
through the Normal Institute or who  
will take teachers to board are request-  
ed to make it known at the county  
superintendent's office. By doing so  
they may accommodate themselves and  
also teachers who want places.  
J. W. Howard, a good G. A. R. man,  
also a good people's party man, and  
formerly a resident of our county, has  
come from Allen county to give his  
sons a short visit. He says the peo-  
ples party there are thick as the scales  
on a fish. They increased their vote  
15 per cent last year and will increase  
it more this year.  
Supt. Hahn last week sent out to the  
clerk of each school district, blanks  
which will be needed by the districts  
within the next school year. The val-  
uation of each district and circular of  
instructions will be sent out by the  
superintendent within the next week  
in time for the annual meeting which  
occurs on Thursday, July 28th. Every  
voter, both male and female, should at-  
tend the annual meeting.  
The ladies of the Eastern Star have  
every reason to be satisfied with their  
venture on Monday night, of an ice  
cream and lemonade stand in Judge  
Ellis' office, in connection with the ball  
in the opera house. It was a success  
in every particular. Later—the ladies  
of the Eastern Star sent to and, there-  
by, gladdened the hearts of the INDEX  
force, by a liberal supply of very fine  
ice cream and cake. Please accept our  
thanks ladies. The cake and cream  
were excellent.  
Monday was not only a day for the  
small boy with his fire-cracker, but was  
also a busy day for Geo. W. Stevens,  
our probate judge, who on that day in-  
sued a marriage license and performed  
the ceremony for the following couples:  
Mr. Robt. J. Mann and Miss Katie  
Starkey, of Cedar township, also Mr.  
Morgan J. Wescott, of Lake City, and  
Miss Hattie E. Aubly, of Medicine  
Lodge township. The weddings were  
quiet and unassuming. The ceremony  
was performed in each case in the pres-  
ence of only a few of the many friends  
of the contracting parties. There were  
no costly wedding presents such as na-  
tional banks, blocks of railroad stock,  
hundred thousand dollar checks, sets  
of diamonds, not even a five hundred  
dollar barrel of Scotch whisky, and no  
extended and expensive wedding tour  
to Europe. These four young people  
will however, receive the congratulations  
and well wishes of a host of ad-  
miring and appreciative friends includ-  
ing the INDEX.

# The Fourth—As It Was Observed at Medicine Lodge.

The 4th was ushered in by the firing  
of 117 guns by Battery A., under com-  
mand of Col. Steph. Garrison.  
By 9 o'clock people from all directions  
began to pour into the city, and by 10  
o'clock the streets were crowded by vis-  
itors anxious to witness the parade.  
While the people were waiting the Me-  
dicine Lodge Citizens' and 1 Kid bands  
formed at their band room and marched  
down the street and to the depot, to a  
lively march, to meet the excursion  
train. When the train arrived a proces-  
sion was formed, headed by the above  
bands, together with the Attica Trib-  
une band, under the guidance of a  
Drum Major, dressed in linen tights,  
linen claw-hammer coat, long gray hair,  
red, white and blue cap, congress gait-  
ers and no socks. To describe the pa-  
rade is simply impossible, but among  
other good personations was a represen-  
tation of Grand Pa's hat, mounted on a  
diminutive burro, armed with a Win-  
chester and four pistols; Looking Back-  
ward was a great get-up.  
The procession of about 500 visitors,  
who arrived on the excursion train, was  
joined by the hundreds of waiting citi-  
zens on Main street, and all marched to  
the grove in the south-east part of  
town where, after listening to some ex-  
cellent music by the bands, the people  
were called to order by the Marshal of  
the Day, R. A. Cameron, who an-  
nounced the following programme,  
which was carried out:  
1st.—Selection. Medicine Lodge Citi-  
zens band.  
2nd.—Invocation. Rev. Archer.  
3rd.—Reading Declaration of Independ-  
ence. Rev. Nicholson.  
4th.—Oration. Rev. Clark.  
5th.—Dinner.  
After dinner the people were called  
together by more good music, by the  
bands, after which T. A. McNeal was  
called upon to fill a vacancy in the pro-  
gramme, and although his visit about  
ed to Tom, he always has his wit about  
him, and responded in his usual happy  
style, and entertained the crowd for  
about forty minutes with a good and  
telling speech.  
After more music, in which all the  
bands joined, the crowd was entertain-  
ed right royally by juvenile athletic  
sports, under the management of Mr.  
Henry Durst, which consisted of hop-  
ping races, sack races, rooting races,  
etc. The crowd then adjourned to the  
Main street, where they witnessed sev-  
eral foot races, among which were a  
special notice was a 100 yard  
race, between a Harper man, Harmon  
Palmer, and our own and favorite am-  
ateur sprinter, Fred Wadsworth, for  
about \$50 on the side, including side-  
bets. It soon became apparent, when  
Palmer came out rigged in his tights  
and running shoes, that the Harper  
boy had played the boys with a profes-  
sional. Fred, though, was strictly "in  
it," if he is out of practice, as he only  
got beat about 10 feet.  
After the races and about dark the  
people, led by the band, proceeded to  
the shores of our beautiful lake, where  
for about two hours they witnessed a  
very fine display of fire-works from the  
band stand in the middle of the lake.  
The crowd then dispersed; our visit-  
ors returning on the excursion train,  
and our citizens to their homes, except  
some of the younger and more enthu-  
siastic ones, who kept up the celebra-  
tion at the opera house until a late  
hour keeping time to delightful music.

## An Appeal to the People.

Owing to a systematic effort that is  
being made by certain unscrupulous  
parties, through the medium of Kansas  
City and St. Louis newspapers and by  
circular letters scattered broad-cast  
throughout the state for the purpose of  
deceiving the people as regards the true  
nature of the fight that is being made  
against freight discriminations, we, the  
undersigned, the complainants in the  
case, for the purpose of correcting the  
said misrepresentations and explaining  
to the people at large, the true nature  
and justice of our cause, do respect-  
fully submit below, as briefly as pos-  
sible, an explanation which we affirm  
above our signatures, to be a true state-  
ment of the essential features of our  
case. In order to economize space we  
will illustrate the discrimination exist-  
ing upon but one article of merchan-  
dise—sugar. We would remark, how-  
ever, that while the over-charge on this  
item is great, it is but a fair example of  
the discriminative charges made upon  
nearly every article bought by a mer-  
chant or consumer of this state. Hence,  
we submit that our matter should claim  
the interest and hearty endorsement of  
every true and loyal citizen of Kansas,  
whether he resides in a city or upon a  
farm, as in any event the consumer pays  
the freight in the end. It would also be  
well for the reader of this to remember  
that our fight is for a precedent, the re-  
sult of which will largely effect, favor-  
ably or otherwise, the future efforts  
made in a similar manner, by other citi-  
zens of our state.  
The exact distance from New Orleans  
to Wichita, via Ft. Scott, Kansas, is 939  
miles. Of this through distance, the  
New Orleans railroads haul a car of sug-  
ar to Ft. Scott, a distance of 782 miles  
(or over four-fifths of the entire haul)  
and charges thirty cents per cwt. At  
Ft. Scott, the sugar is delivered to the  
Kansas Line (The Missouri Pacific rail-  
way) which hauls it to Wichita, a dis-  
tance of but 157 miles, and less than  
one-fifth the entire haul, and insists  
upon charging thirty cents per cwt.,  
making the through freight charge to  
Wichita sixty cents per cwt. It will be  
readily seen, from the above figures,  
that the discrimination and over-charge  
on this through rate exists between Ft.  
Scott and Wichita, and hence it was  
that the Railroad Commissioners of  
Kansas ordered the Kansas Railroads  
to lower their freight rates into some  
proportion to the charge made by the  
New Orleans Lines.  
Again, the Santa Fe Railway Com-  
pany hauls New Orleans sugar directly  
through Arkansas City and Wichita to  
Kansas City and only charges the Kan-  
sas City merchant thirty cents per cwt.,  
while if they drop the car at Wichita,  
the Wichita merchant is compelled to  
pay sixty cents, although the dis-  
tance to Wichita is 221 miles less than  
to Kansas City. Again, the Santa Fe  
and Union Pacific Companies haul sug-  
ar from San Francisco through Huteh-  
inson, Salina and Wichita to Kansas  
City, charging the Kansas City mer-  
chant sixty-five cents, and the interior  
merchant \$1.01 per cwt., although the  
distance to the interior cities of Kan-  
sas is 250 miles shorter. Is there any  
justice in this? Is it not an outrage?  
Are we not right in fighting such prac-  
tices, and is it not to your interest to  
help us? It may be possible that we  
shall need your assistance, for we re-  
alize that we are fighting not only power-  
ful railroad corporations, but also an  
immense combination of Kansas City,  
St. Joseph, and other Missouri River  
merchants, who, having grown fat with  
the immense profits made out of the  
people of this state, which profits were  
made possible by just such freight dis-  
criminations as we complain of, are en-  
deavoring with a determination that is  
as desperate as it is unscrupulous, to  
overthrow the authority of our Rail-  
road Commissioners who have dared to  
do their duty by the people of their  
state. Respectfully,

## A Big Bargain.

One of the most welcome exchanges  
that comes to our office is the New  
Forum, of St. Louis. It is simply rich.  
It is beautifully printed, well composed  
and covered with sharp points as thick  
as a porcupine's quills. If the trail-  
hounds of pluckiness don't want their  
mouths full of quills, they had better  
pass it by. The editorial staff is as  
follows: Editor and general manager,  
W. S. Morgan; Hon. Jerry Simpson,  
Col. Jesse Harper, Hon. H. E. Taube-  
neck, Mrs. S. E. Emery, J. F. McDow-  
ell, Mrs. Marion Todd, Mrs. Annie L.  
Diggs, Hon. L. P. Featherston, Hon.  
Geo. F. Washburn, Clarence Morgan.  
We don't wonder that plutocrat Wana-  
to tries to stop its going through the  
mail. We offer the New Forum,  
National Watchman and Index for  
\$1.50 per year.
